

PITCHTARGET

Improve effectiveness, saving time

PROBLEM

How is it possible to increase ROI exploiting **Facebook ads** without going crazy?

Native tools are complicated

It's hard to set the right strategy

Determine the appropriate metrics is struggling

Make it simple!

Plan, manage and optimise data driven advertising strategies.

Fast and easy to use

Boost Posts at Scale

Clear and suitable metrics

QUICKLY SET AND LAUNCH YOUR CAMPAIGNS

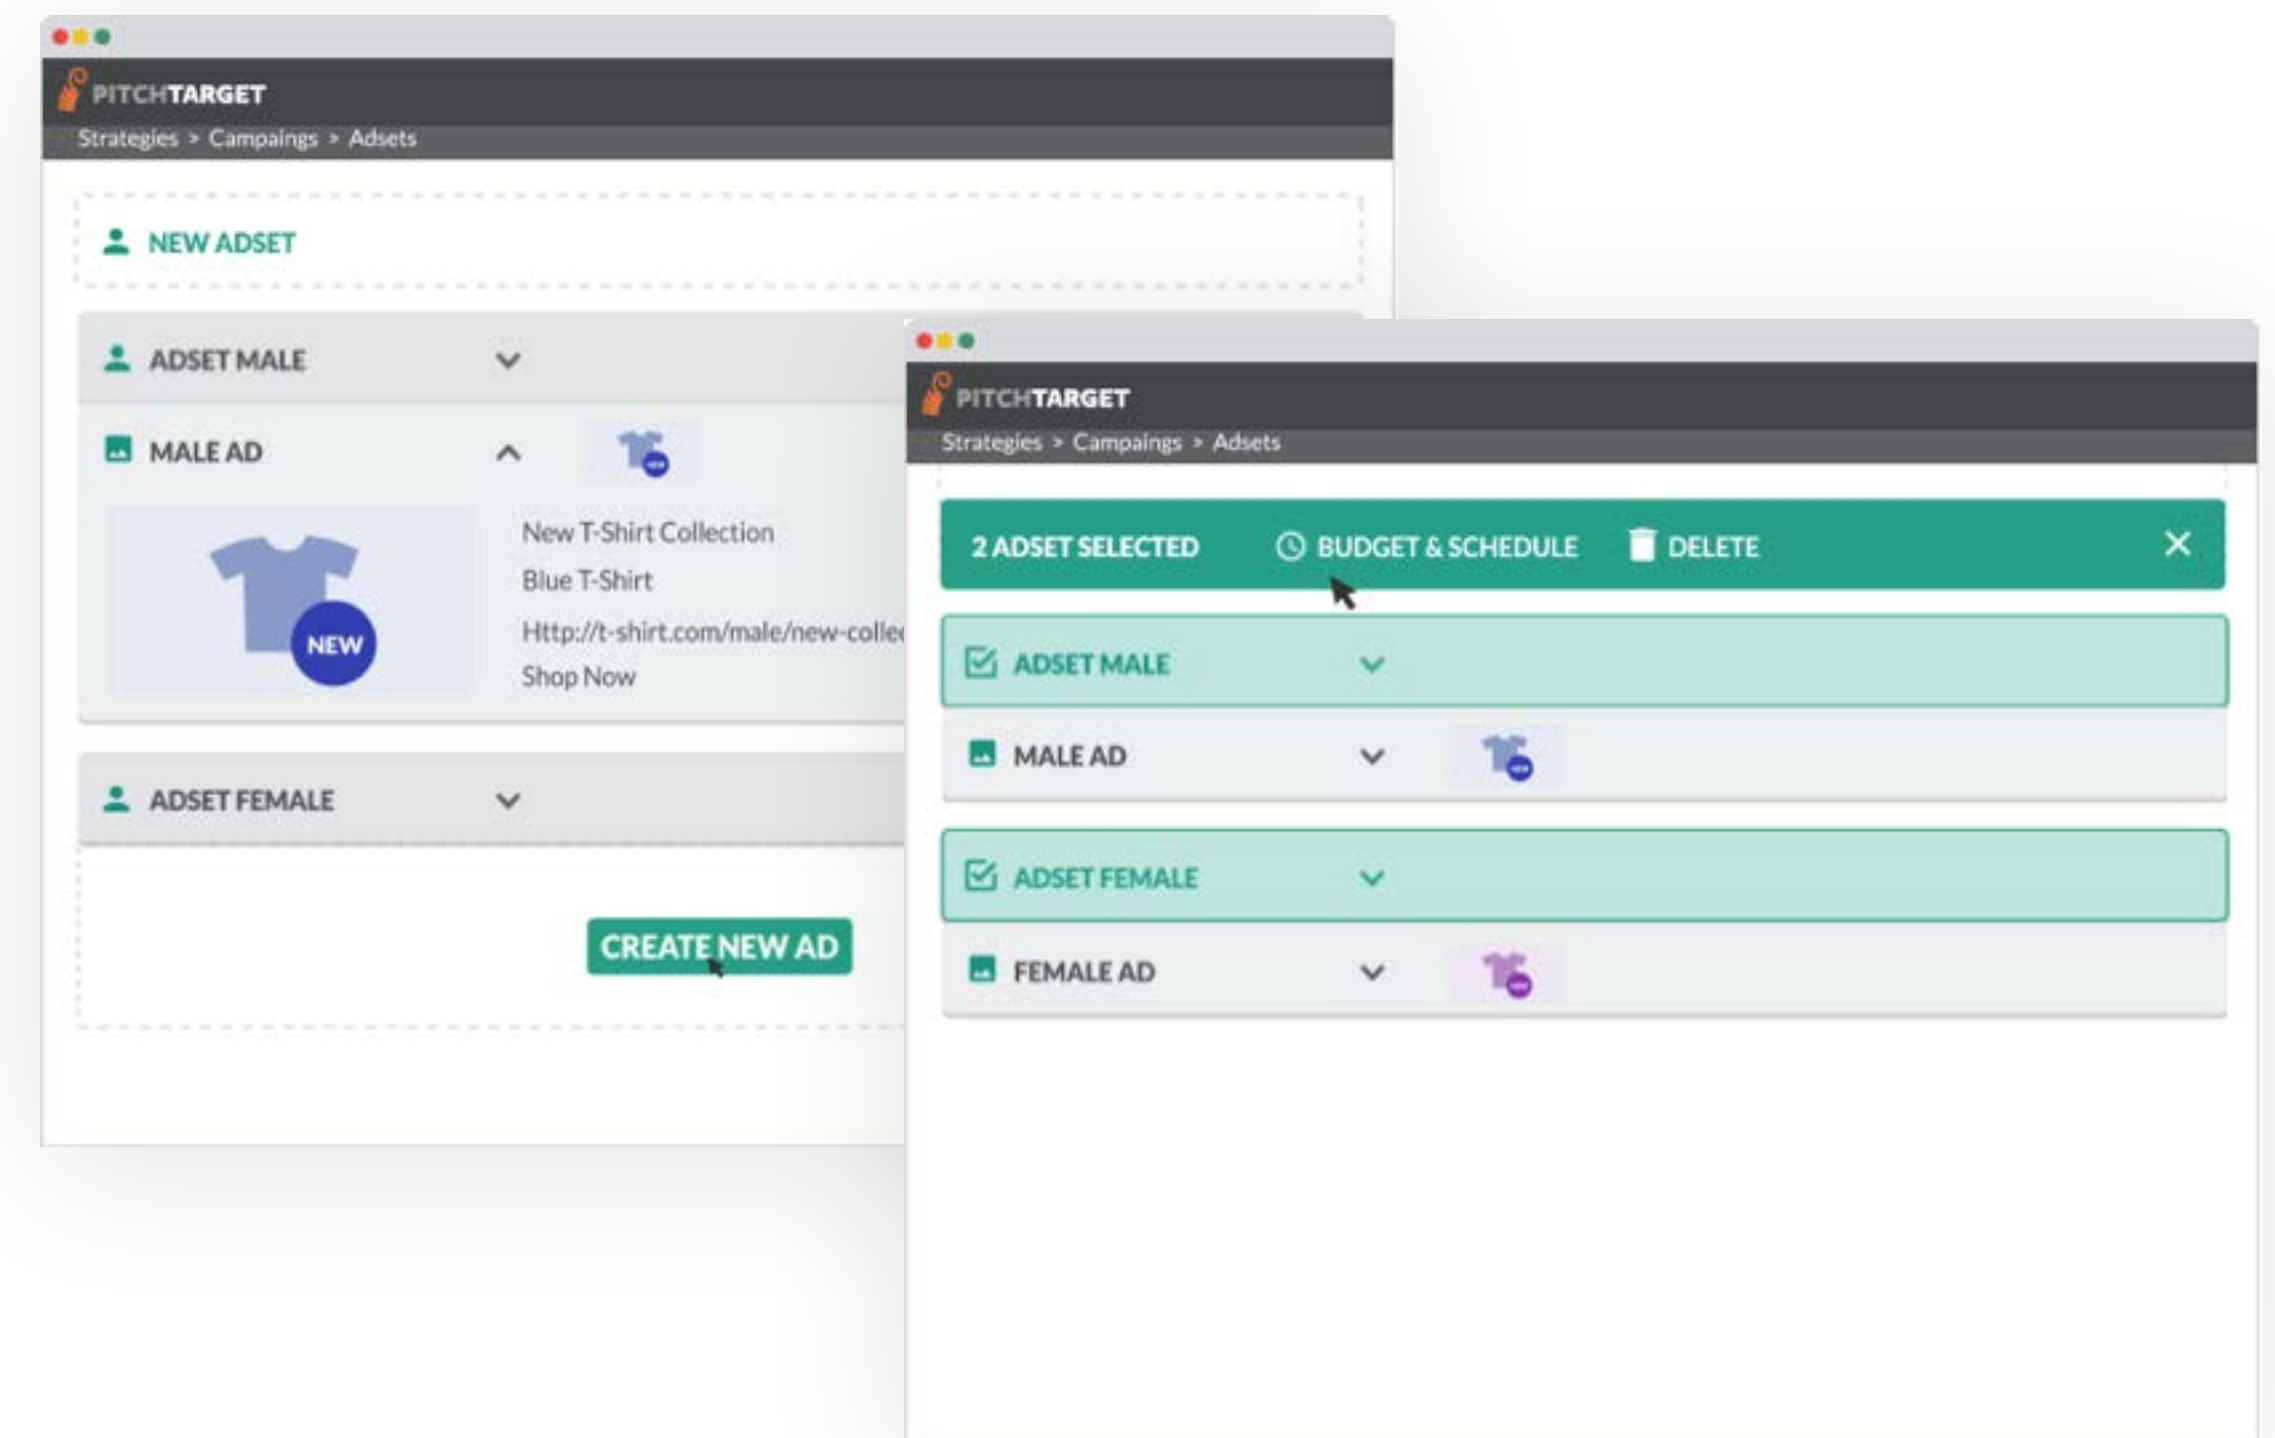

Pitchtarget speeds you up in managing your camapigns

Organize your Facebook Campaigns into Strategies to better manage and quickly find them

Our intuitive interface combined with a hierarchical top-to-bottom approach helps you finely define your advertising strategy step by step.

Edit, deactivate and activate instantaneously your Strategies, Campaigns, Ad Sets and Ads at any time.

Pitchtarget offers you also the possibility to perform bulk edits on your campaigns elements.

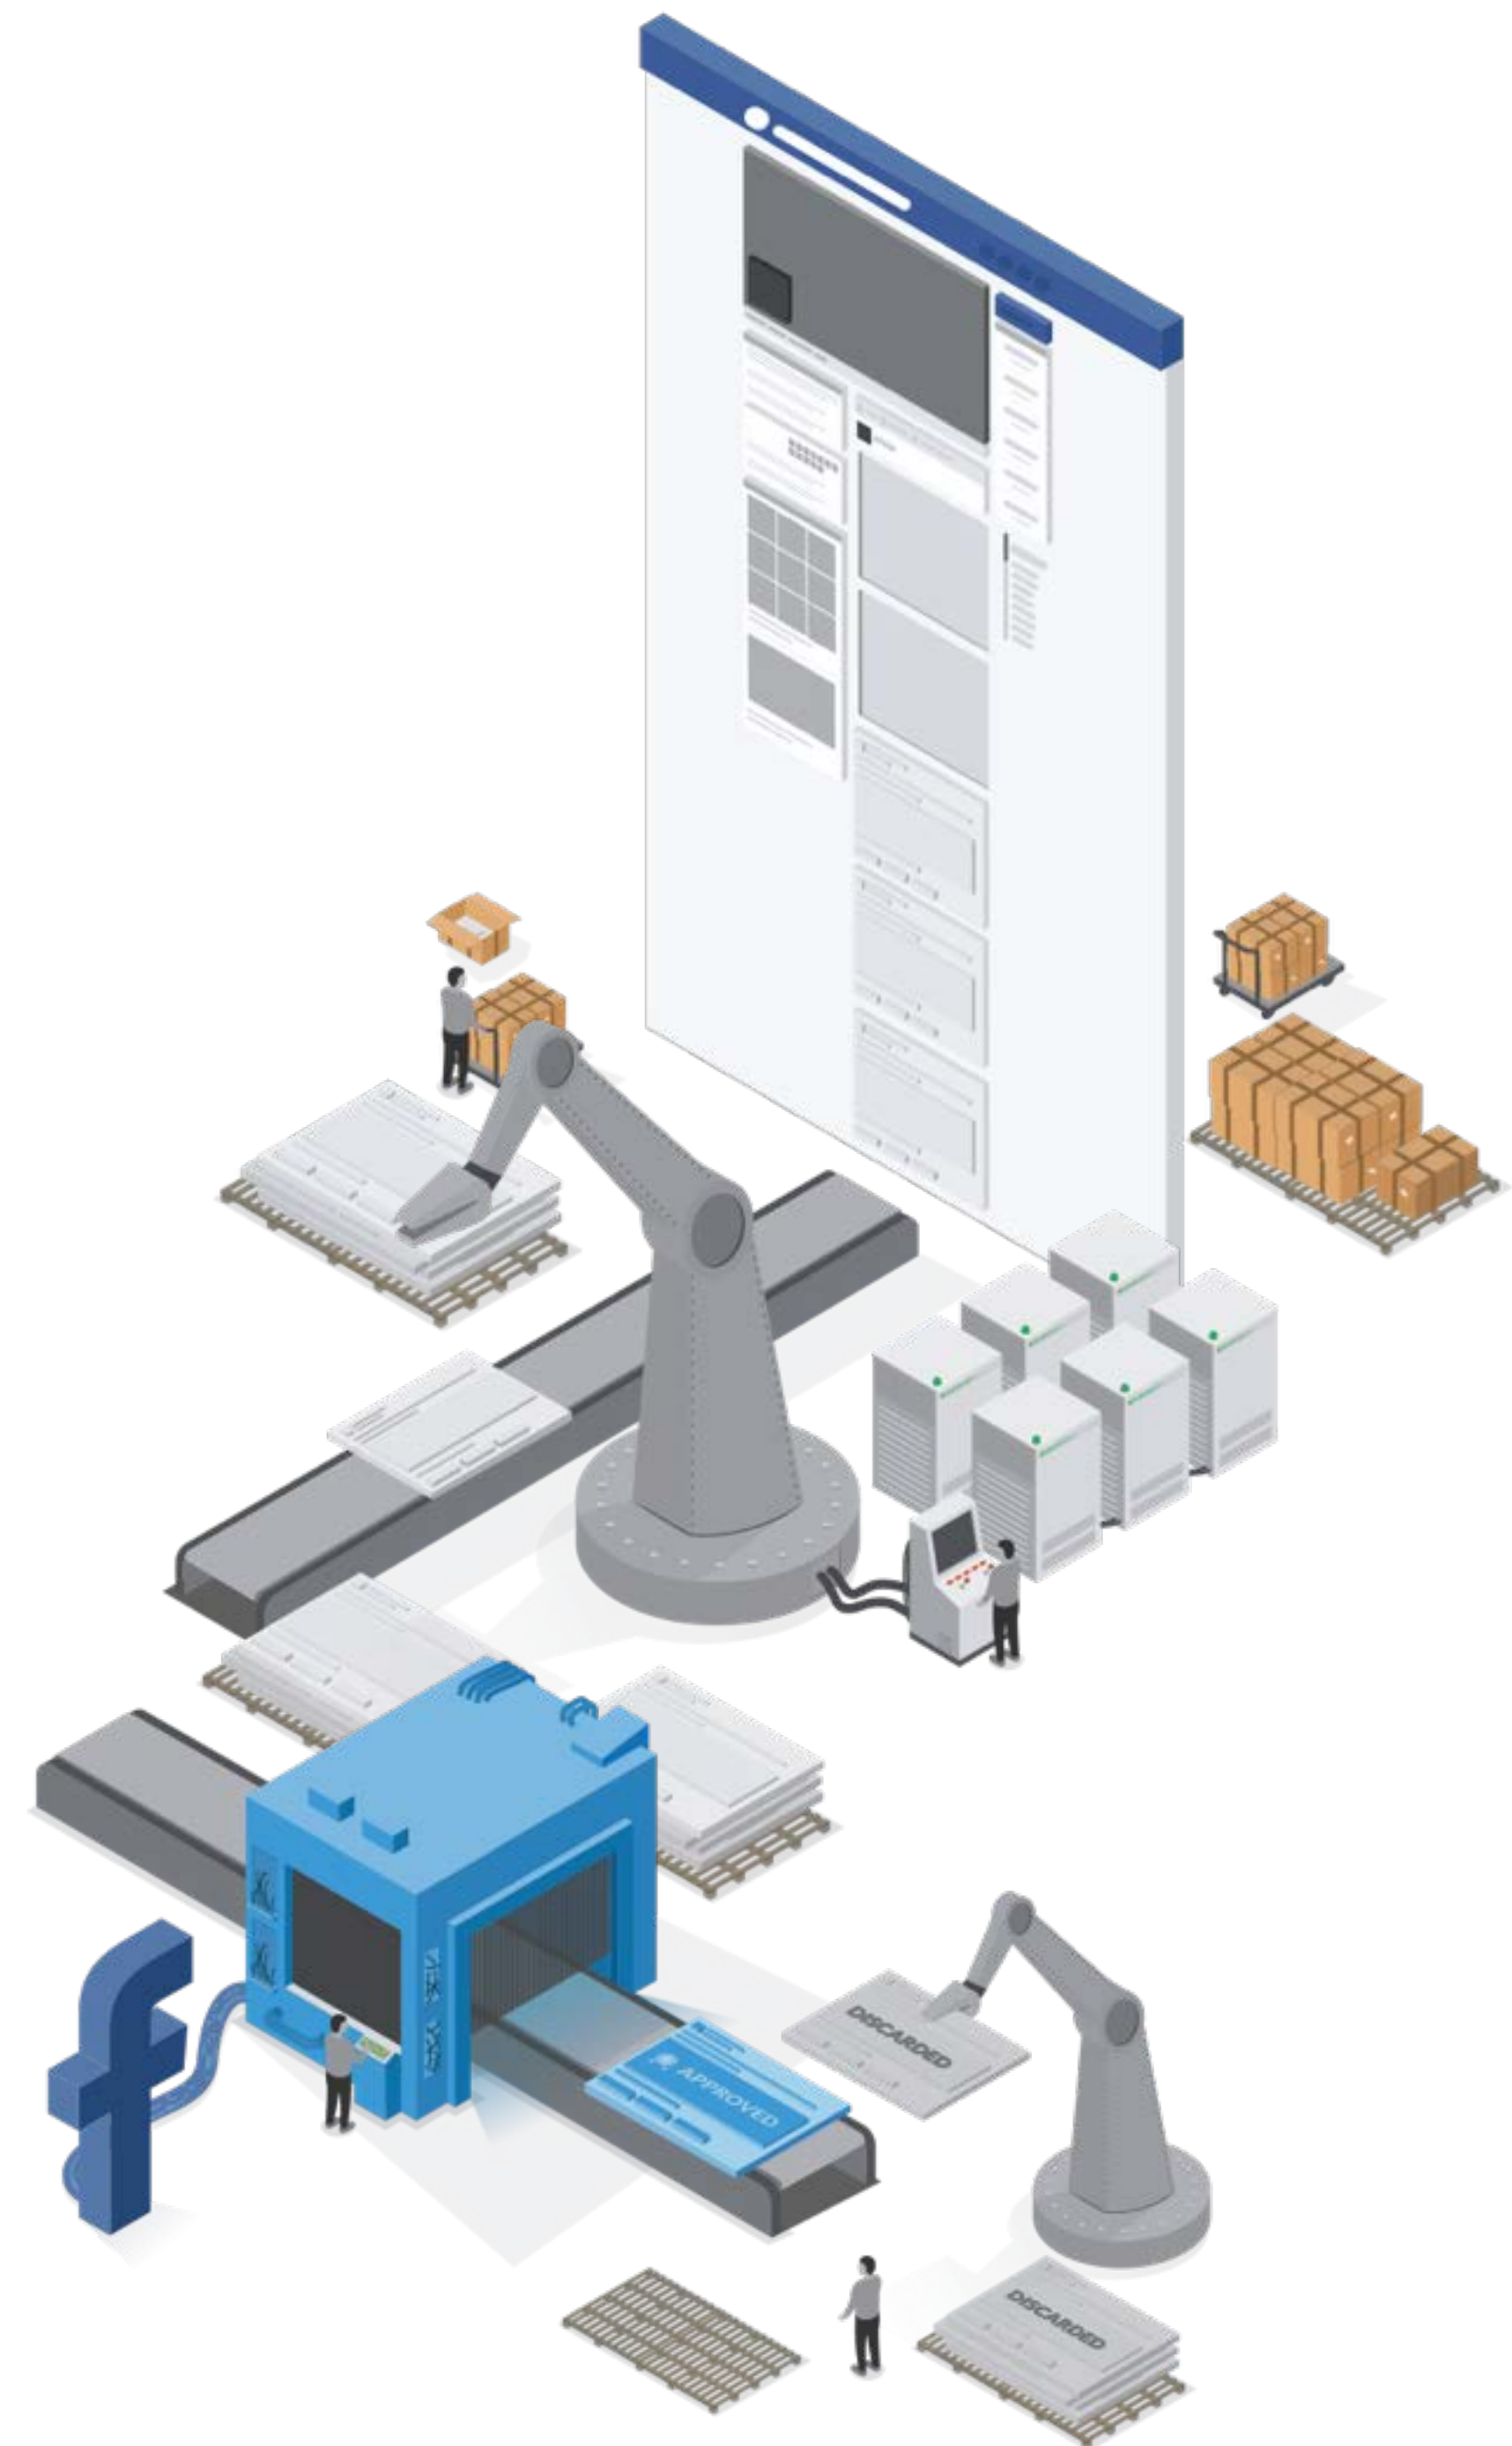

EFFORTLESSLY MANAGE YOUR STRATEGIES

Automate facebook ads at scale

Enjoy all the advantages of Facebook's Boost Post feature without having to manually set and manage each single post thanks to Pitchtarget Automatic Boost Posts.

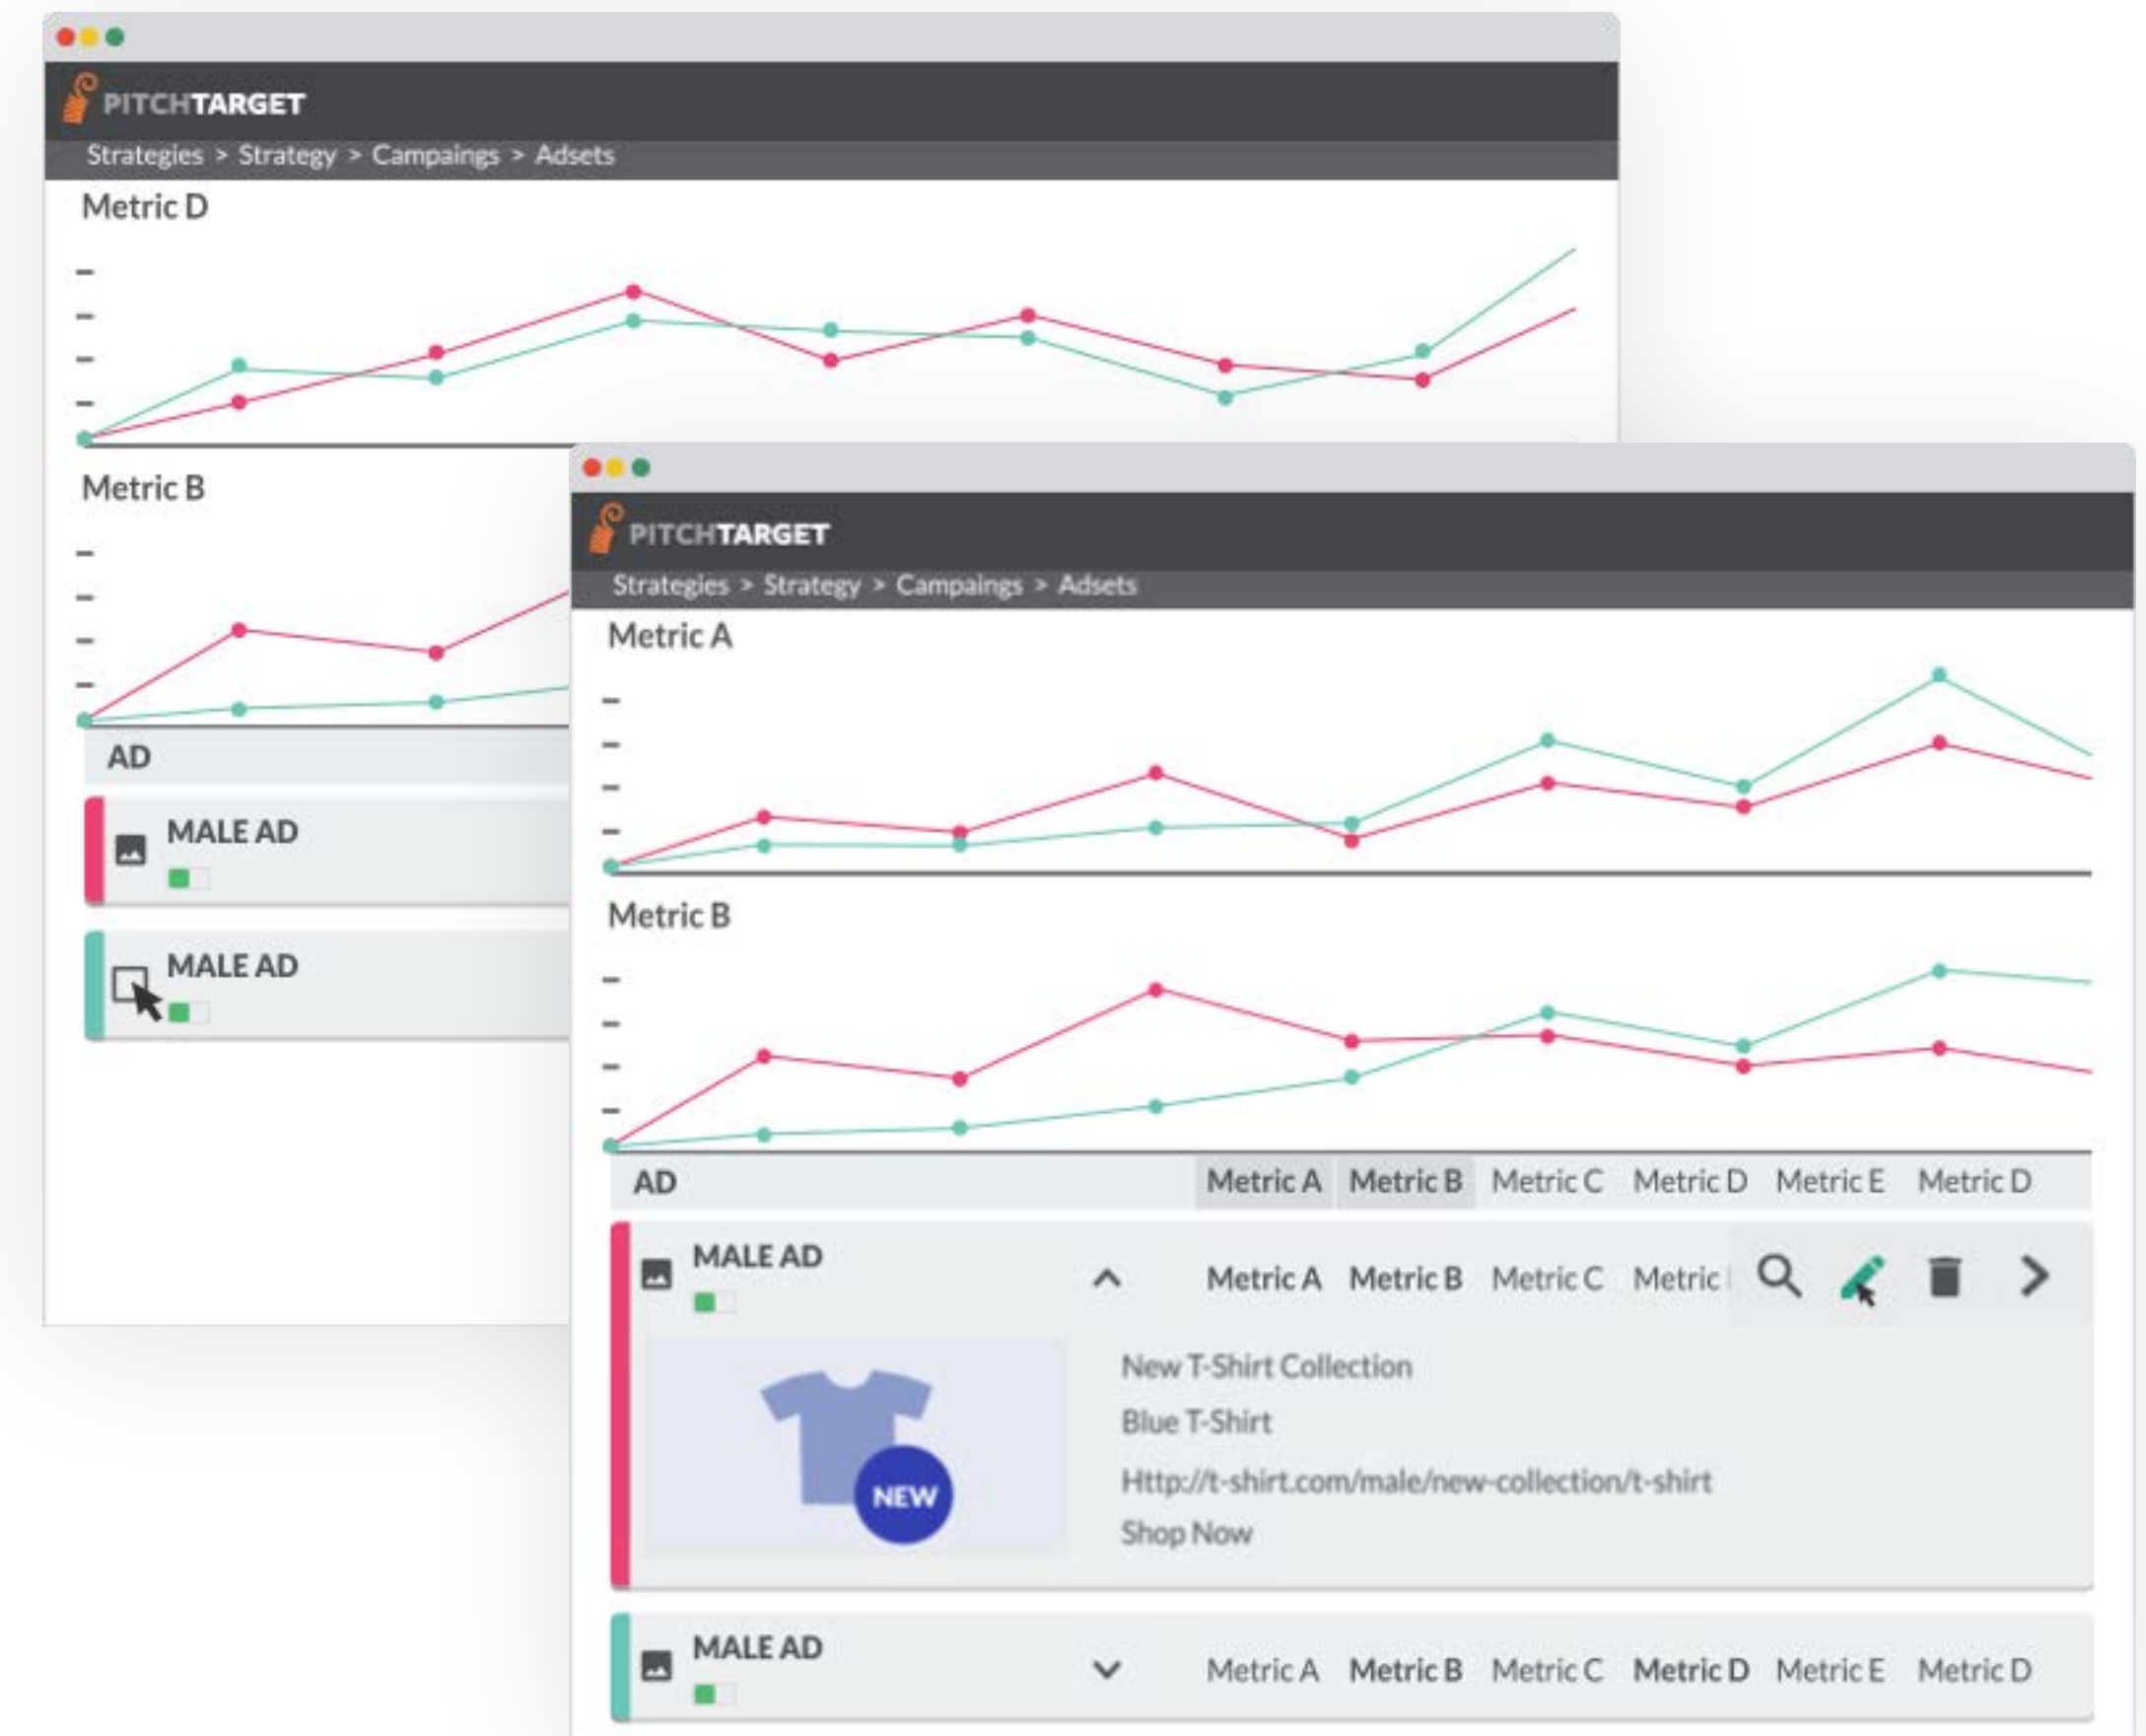

Save time and money by setting up Performance Rules that monitor the performance of your Campaigns, Ad Sets or Ads and adjust them following your instructions.

Analyze your campaigns data and optimise performances

Pitchtarget's dashboard allows you to quickly compare several metrics simultaneously through intuitive line charts and donut charts.

You will always have the most relevant kpis at hand at any level of your Facebook campaigns.
